MOSCOW ANNOUNCES TREATY OF TERRITORIAL EXCHANGE WITH NEW REGIME: FIGHTING GOES ON WITH FEW CHANGES

Germany, Scandinavia Are Chief Losers: British Mines Menaced

LONDON, Dec. 3 (Reuter)—A Treaty of Mutual Assistance was signed in Moscow today between the Soviet and the "Government of the Finnish Democratic Republic," announces the Moscow Wireless. The Soviet undertakes to hand over to Finland 72,000 square kilometres of Soviet Karelia in exchange for 3,970 kilometres of the Karelian Isthmus, north of Leningrad, for which the Soviet will pay 120,000,000 Finnish marks as compensation.

The Soviet was granted a 30-year lease of Hangoe Peninsula, where they will establish a military and naval base.

A number of islands in the Gulf of Finland was ceded to the Soviet, as well as the Finnish parts of the Rybachy and Sredny Peninsulas, on the Arctic Ocean.

The Soviet will pay 300,000,000 marks as compensation for these islands.

Havas adds that Government quarters in Moscow stress that the Soviet Union is accepting no Bourgeois government of Finland while diplomats here pointed out that Moscow had formed a "Popular Government" at Terijoki evidencing that the Soviet had settled Finland's fate.

Moscow, they said, takes revenge for the Communist defeat of 1918 and is determined to liquidate the Finnish State which has been constantly looked upon with suspicion by Moscow as a centre of foreign anti-Soviet intrigues.

ANGLO-CANADIAN MINES
Meanwhile, foreign observers were of the opinion that the Soviet advance into Finland was mainly a

problem for Germany, Norway and Sweden. Economically, Russia will gain enormous benefit from it, controlling rich copper mines with an annual output of 12,000 tons.

The Petsamo nickel mines, belonging to an Anglo-Canadian concern, possess nickel and copper deposits estimated at 5,000,000 tons and also important molybdenum deposits. Lapland's magnetic iron ore deposits are estimated at 100,000,000 but have not yet been exploited extensively.

It is unlikely that Russia will export these products to Germany since she needs them herself.

Finally, domination over Finland is enabling Russia to control several thousand tons of shipping. Finnish timber exports in 1937 are estimated at \$160,000,000 while the Bank of Finland's gold reserve is estimated at 602,000,000 Finn marks.

PETSAMO STILL HELD
LONDON, Dec. 3 (Reuter)—Fierce fighting in the Suojarvi district, near the frontiers to the north-east of Finland, is announced the Finnish Defence Ministry communique broadcast from Helsinki.

The communique declares: "Generally the Finnish line is maintained. Petsamo is still in the hands of the Finns. There have been no air raids today and no naval activity against the Finnish coast."

IN NO MAN'S LAND
HELSINKI, Dec. 3 (Reuter)—Although Soviet troops advanced a mile and a half along the coast

BRITONS ADVISED TO LEAVE FINLAND

HELSINKI, Dec. 3 (Reuter)—The British Legation has advised British subjects to leave Finland today. American subjects are leaving for Sweden tomorrow while the German Legation and 400 to 500 German subjects are leaving today. It is reported that Russia will give Germany an assurance that German subjects will be able to leave safely.

Heavy fighting occurred during the night to the north of Lake Ladoga, especially near Suojarvi. It is learned that the Finns maintained their positions despite violent Soviet attacks.

Fighting occurred in no man's land and the Russians lost several tanks. It is reported that the strong Finnish resistance apparently surprised the Russians.

The Finnish Army is well armed and possesses one machine-gun to every 11 rifle.

Roosevelt Calls For "Moral Embargo" On Bombings Of Cities

WASHINGTON, Dec. 3 (Reuter)—President Roosevelt issued a formal statement of the Government hoping that American manufacturers and exporters of aeroplanes and aeronautical equipment would bear in mind the Government's policy of condemning "unprovoked bombing" of civilians.

The statement, does not name any country but is regarded as a very important development in the formulation of American wartime policy by both officials and diplomats.

It is considered another step in the direction of strengthening the Administration's power to chart the country's foreign policy which is shackled and circumscribed by Congress in the Neutrality Act.

DODGING NEUTRALITY
Public support is overwhelmingly behind the President in his action in definitely naming the Soviet as the aggressor and applying for sanctions against the Soviet, both of which practices are contrary to the intentions of the Congressional drafters of the Neutrality Act.

M. Molotov's statement describing Roosevelt's appeal to Moscow to refrain from bombing as point-

less has increased the anger of the United States Administration. It is pointed out that the American Legation has officially reported that civilian centres had been bombed and that children had been killed, while actual bomb explosions on one occasion were heard over the trans-Atlantic telephone.

EFFECT ON SOVIET
Mr. Cordell Hull and President Roosevelt had a long consultation this morning with regard to the whole subject of Russian relations and future steps which the United States, in response to pressure of public opinion, might be able to take.

The White House announces that President Roosevelt may make a statement today on the international situation, in the course of which he will attempt to clear up

LED ATTACK AGAINST ENEMY CRUISER

HEAVY TOLL OF LIVES FEARED IN SHANGHAI STREET CONFLAGRATION

Four Killed In Jumping From Blazing Building: Tragic Scenes Witnessed

OVER TWENTY PERSONS ARE BELIEVED TO HAVE BEEN BURNED TO DEATH, FIVE ARE KNOWN TO HAVE DIED FROM INJURIES AND NEARLY 100 RENDERED HOMELESS as the result of a tremendous blaze which gutted three four-storeyed houses at the corner of Shanghai Street and Soy Street last night. The damage is estimated to be in the region of \$50,000.

THE CAUSE OF FIRE HAS NOT BEEN ESTABLISHED BUT IT IS BELIEVED TO HAVE ORIGINATED IN A COTTON-QUILT SHOP IN 482, SHANGHAI STREET, GROUND FLOOR, WHERE, WITH THE INFLAMMABLE NATURE OF THE GOODS STOCKED AND A BRISK BREEZE, THE FLAMES SPREAD WITH AMAZING RAPIDITY, DEVOURING THE WOODEN STAIRCASES AND TRAPPING NEARLY 50 PERSONS IN THE FLOORS ABOVE.

The peaceful atmosphere of the area was turned into a din of shrieks for help which were heard far above the crackling flames as they leapt higher and higher.

First to notice the tragedy was a Chinese detective having refreshment in a near-by teashop. He immediately summoned the Fire Brigade and within two minutes two appliances were on the scene. Later three more engines arrived.

Rescue ladders were immediately shot up and firemen effected several rescues, about 30 persons being brought to safety in this manner. As the flames increased, however, sheets were spread and

USE OF APPROVED COMMERCIAL CODES

The following communique was issued by Mr. D.J. Sloss, C.B.E., Censor, on Saturday:—
I have been instructed from London that the permission to use certain selected codes as and from December 7, 1939, must be deferred. An announcement will be made later as to the date on which the use of those codes may be permitted.

those on the top floor were asked to jump.

Police and civilians assisted the firemen in holding the sheets and about 20 persons were landed. Four were killed and four injured, however, in attempting to jump into the spread sheets.

MOTHER AND CHILD

A representative of the Hongkong Daily Press was on the scene shortly after the engines arrived, and saw one woman with a child strapped on her back, jump from the third floor. She landed on the edge of the canvas and striking her head heavily on the ground was picked up unconscious and rushed to hospital. The child, fortunately escaped injury but it is doubted that the mother will live.

KWANGSI GOVERNMENTS APPEAL TO PEOPLE FOR CO-OPERATION AGAINST INVADERS

Major Battle Developing North Of Nanning

KWEILIN, Dec. 3 (Central)—A major battle is developing in the hilly regions north of Nanning.

On the Nanning-Wuming highway, after breaking through Santang, about 12 miles north of Nanning, the Japanese are assaulting Kaofeng, a strategic pass about two miles further north. Chinese machine-guns mounted on the hills have exacted a heavy toll.

After repeated frontal assaults without success, the Japanese began to attack the Chinese wings yesterday. Occupying higher positions, the Chinese repulsed them without much difficulty. A contingent was sent to attack the Japanese rear by a detour, inflicting further casualties.

STAINCH RESISTANCE
On the Nanning-Pinyang highway the bulk of the Japanese force is attacking Paitang, 31 miles north-east of Nanning, while a separate column is launching a flanking attack. The Chinese are resisting staunchly.

Japanese aircraft are extremely active reconnoitring and bombing Chinese positions and Japanese artillery keeps up a heavy bombardment to cover the advance of their infantry.

JAPANESE RELEASE DARDANUS

Commander A. D. S. Murray, Far Eastern Manager of Imperial Airways, received information from Japanese Military authorities on Saturday that the R. M. A. Dardanus, Imperial Airways' plane which was shot down by three Japanese planes on November 8 over Weichow Island, had been repaired and was ready to be handed over to the company.

Captain J. N. Wilson, who was piloting the plane at the time of the incident is due to proceed to the Island and bring back the craft to Hongkong.

Owing to a recent minor operation he will not be discharged from hospital for several days, and it is expected he will travel by steamer to Weichow Island and return with the plane about the middle of the month.

The R. M. A. Dardanus is understood to have sustained damage to the fuselage because of bullet holes and a punctured tyre which has been repaired by the Japanese. Captain Wilson, will leave with First Officer J. F. Raeburn and an Imperial Airways engineer.

Wave Of Consternations Said Sweeping Reich: Fascists Cheer Finns

AMSTERDAM, Dec. 3 (Reuter)—Germany made strong secret representations to Moscow before the Red Army marched into Finland, it was learned from a usually reliable Berlin source.

M. Stalin refused to reply and it is stated that this rebuff caused a renewed wave of consternation in Government circles in Berlin.

High Nazi circles are beginning to realise what Germany has to pay for Soviet support.

Furious quarrels are reported to have broken out among Hitler's lieutenants. Even Gen. von Brauns, hitherto regarded as an extreme "yes man," was stated to have attacked Herr von Ribbentrop in Hitler's presence.

Army circles see nothing but trouble for Germany in Russia's advance westward.

The Navy was said to be deeply perturbed. Admiral Raeder fears that it is going to lose its freedom of action in a "Bolshevised Baltic."

Hitler was hitherto forced to stand by von Ribbentrop's policy to support Russia, but it is believed that he is intensely worried by the realisation that the Army, the Navy and the people are all against him in the Finnish conflict.

LONDON, Dec. 3 (Reuter)—The attitude of the German Government regarding the Soviet invasion of Finland is obscure but it is reported that uneasiness over Soviet expansion in the north is so great that the Nazis are suggesting that Britain and Germany should join in the fight against it.

In London, however, observers maintain that Herr von Ribbentrop was under no illusion that Germany had to make great sacrifices for Soviet friendship. They suspect the German uneasiness to be unreal and regard it as a manoeuvre to get a peace favourable to Germany.

FASCISTS DEMONSTRATED

ROME, Dec. 3 (Reuter)—Italy's sympathy for the Finns was expressed last night when Fascists demonstrated in front of the Soviet Legation and then marched to the Finnish Embassy where they shouted "Long live Finland!" The Finnish Minister was carried shoulder-high by the cheering crowds.

RELEASED FROM CAPTIVITY

NEPHEW OF CHENG KWOK - YAU

Cheng Cheung-fai, nephew of Cheng Kwok-yau and a member of a well-known Hongkong family, who was spirited away a few weeks ago in mysterious circumstances and for whose release a ransom of a million dollars was demanded, returned to Hongkong on Saturday.

From scanty facts available, it appears that Cheng was enjoying a boating expedition at Shatin with the two young ladies concerned when they were held up some distance from shore by two armed men and ordered to board a fishing junk.

The junk set sail for Sha-ng-chung, near Shataukok, whence the victim was taken to Poko, near Walchow, in the Waiyeung district.

Cheng's release was the result of the perspicacity and goodheartedness of a villager, named Chung Tim-pang.

The matter was then placed in the hands of the Hongkong police, who sent a detective to interview the magistrate of the district.

On November 26 the Chinese authorities surrounded the house, where Cheng was kept a prisoner, and, in the ensuing battle, the men guarding Cheng were shot down.

The Chinese police then raided a house nearby where the two girls were arrested.

Cheng was escorted back to Hongkong by a detective and arrived here on Saturday night.

Generalissimo Chiang Kai-shek has a new concurrent post. He is Chairman of the Szechwan-Hsien Workers Examination Committee which was formed on December 1. Besides the Generalissimo, there are twelve other members. (Central News).

AJAX CREATES BIG UPSET AT VALLEY RACES ON SATURDAY TO PAY \$212 & HOLDS UP "DAILY DOUBLE" POOL

Dead-Heat For Second Place In Thrilling Seventh Race Finish

Creating the biggest upset in the Valley in recent times, Ajax won the Auld Reekie Handicap yesterday to pay a dividend of \$212.70 and cause the "Daily Double" pool of \$7,523 to be carried over to the next meeting of the Hongkong Jockey Club, no one having secured the correct combination.

This was not the only upset yesterday. Golden Cow and Chatterbox also caused the majority of punters some disappointment, but the racing was keen and exciting and spectators generally had a good time.

The main event of the day, the St. Andrew's Stakes, was won by Galaxy in easy manner, while Roosty and Violet Queen dead-heated for second place in the Seventh Race after a thrilling finish.

Following are the results with notes on the running:

RACE ONE

Heddon (second in demand on the pari-mutuel) and King's Parade, were in front down the back stretch and led the field round the home bend where Smiling Time (favourite) and Lucky Eleven started moving up. Murrumbidgee (third favourite) Derby Day and Cocklerol (favourite) were first away. Cocklerol weakened near the Rock and was overtaken by A Grand Time and Baffin Bay. Moving well, A Grand Time was neck and neck with Murrumbidgee into the straight but the latter soon shot its bolt and Derby Day, fell back, while A Grand Time and Baffin Bay went on strongly to finish in that order with only half a length between them. Cocklerol had a hard time keeping Candlelight (fourth favourite) from taking third place while Murrumbidgee and Derby Day finished in the ruck.

New Star was the first away in a poor start. Jober, Lilliber and Galaxy (second favourite) were prominent in the early stages. Hectic View moved up from the Rock and led into the straight first time round, followed by Galaxy and New Star, Jober and Lilliber having fallen back.

Passing the stands Galaxy was in front followed by Hectic View. New Star and Rose Emily (favourite), Galaxy maintained the lead to the end, keeping off a strong challenge from Red Feather (third favourite) who was second by a length and a half.

Rose Emily (favourite) had come up and looked a possible third until Moonlight View, making a late dash, snatched the honours place from the favourite, the latter nevertheless beating Scenic View for fourth place. Avon ran a good race to finish sixth and is worth following.

RECORD CROWD SEE RECREIO "A" DEFEAT H.K. BALL CLUB 5-4 (BY "R.O.Y.")

A RECORD CROWD TURNED UP TO SEE the big softball event of the day, the meeting of Recreio "A" and the H.K. Ball Club, and were rewarded with one of the tightest games seen this season.

The Baseballers started off with a home run by G. Souza and Dave Leonard in the first inning but Recreio scored only in the first and twice in the second to take a slim lead.

Eddie Gosano clouted a home run with A. V. Gosano on the base in the third inning and the Baseballers, despite a valiant fight, were unable to make up the leeway.

One double play was seen, H. Barros grabbing Wingless' drive to catch Hussain flat-footed on second base. Both the pitchers, Johnny Alvares and Frank Gonzales, hurled steady ball but received unexpected poor support as the two contesting squads committed 7 errors between them.

A FAST ONE

In the Recreio-Wahoon game, with the winners leading by a wide margin, Coach Rocha pulled a fast one on Hal Wingless when he omitted his two tall-end batters out of their proper batting order and sent in his leading hitters to effect a 7-run rally that very nearly won the game.

The Philippines, after having considerable difficulties in fielding a full team (A. R. Ildafonso actually started at right field for them), finally managed to edge themselves out of the cellar at the expense of the Machine Gunners.

Once again the losers tossed and booted the ball around for double figures in their error column.

GALLANT DISPLAY BY EASTERN: BEAT SOUTH CHINA "B" BY ODD GOAL

With eight of their men still sore from injuries received a week ago, Eastern gave a gallant display at Caroline Hill yesterday when they defeated South China "B" by two goals to one after a goalless first half.

Play was equally balanced in the first half and both goals were subjected to attack in alternate movements but finishing was weak and, while many of the shots went wide, the few that were true were easily stopped by the goal-keepers.

The attacks were so frequent, however, that the interest of the spectators was maintained throughout and the crowd enjoyed many thrilling moments.

TWO MEN INJURED
There was a little rough play in the second half and Tsang Chung-wan, of Eastern, was hurt and Kwok Ying-ki, of South China, was carried off with a severe leg injury. It is believed he has fractured a bone.

The game started with South China attacking, but the ball moved across the field and Eastern soon took up the offensive. Both sides were out to open scoring, and although many near shots were seen, neither side succeeded and the half-time was called with a blank score.

Eastern definitely dominated play in the second half and play was faster and brighter. Chan Tak-fai was the first to score. He kicked in a hefty one from a pass by Yeung Shiu-yick.

Shortly after Chung Yung-sum headed in a neat off a pass corner kick taken by Hau Ching-to to put Eastern level.

SHOOTING STORM
Excitement ran high as both sides made desperate efforts to get ahead, and South China, now playing ten men, Kwok Ying-ki having been carried off injured, had their goal subjected to a storm of shooting but Cheung Wing-chol in goal was brilliant and saved his side from what might have been a worse defeat.

In the last ten minutes of play taking a pass from a corner by Chang King-hal, Hau Ching-to headed in, the last goal of the match to give Eastern a well deserved victory.

The teams were:
EASTERN—Lau Hin-hon; Tsang Chung-wan, Cheng Ying-kuen; S. I. Liu, Hsu King-sing, Lo Wai-kuen; Chung Yung-sum, Chang King-hal, Lee Tak-kee, Tam Jock-tak and Hau Ching-to.

SOUTH CHINA "B"—Cheung Wing-chol; Hau Yung-sang, Yuen She; Yeung Kan-po, Lam Tak-po, Lau Wai-pui; Yeung Shiu-yick, Tam Chun-kin, Chan Tak-fai, Kwok Ying-ki and Tam Chun-fai.

GOOD GALLOP.
H.K.S.R.A. got the ball and scored but Hunt effectively checked an attack and taking the ball down in a good gallop passed to Forrester who scored.

Fixed Defences again took possession and Morgan scored after a good run down. The game ended with the Fixed Defences winning nine to five.

From the latter part of the third chucker the Fixed Defences were playing definitely better and deserved their win. They will meet the Royal Scots in the final at 4 p.m. today. When H.E. the Governor will be present.

H.K.S.R.A. "B"—Attkenson, Marshall, Wilson and Temple.

Fixed Defences—Morgan, Forrester, Hunt and Field.

Navy Defeat Royal Scots By Only Goal

The Royal Navy defeated the Royal Scots by 1-0 in a First Division League football match played at Soekunpoo yesterday.

The play was fairly well balanced throughout. The sailors had more chances to score, but their forward line failed to make the best of the opportunities.

The most outstanding players on the field were, perhaps, the two custodians.

Phlippen, right wing, scored the only goal of the match in the first half.

NAVY:—Robinson; Roughly, Honeywill; Lache, Hazard, Britt; Phlippen, Allison, Regan, Thorburn and Middlesex.

ROYAL SCOTS:—Duncan; Fraser and Naysmith; Clerk, Falconer and Parnaby; Gilroy, Fleming, Hossack, Gordon and Manro.

SIGNALS WIN
In a Second Division match played at Soekunpoo yesterday, the Royal Signals beat the Royal Engineers by one goal to nil.

FIXED DEFENCES WIN AT POLO

Inter-Regimental Tournament

The Fixed Defences defeated the H.K.S.R.A. "B" in the semi-final of the Inter-Regimental Polo Tournament at Boundary Road on Saturday by nine goals to five. The game was interesting and provided some exciting moments.

The Fixed Defences started with a handicap of plus one, but the first chucker ended with the H.K.S.R.A. leading 2-1. Attkenson was the first to score. Later, Wilson, after a short run, increased the H.K.S.R.A. score with a straight shot.

From a melee Hunt got away to knock in the equaliser for the Fixed Defences. This movement was followed up by Morgan who, however, failed to score. Later Attkenson scored from a hit-up by Wilson but the Fixed Defences soon equalised through Morgan who scored with a neat back-hander. The chucker ended with the score even.

PENALTY AWARDED
The third chucker saw Morgan take the ball down and pass to Hunt who put the Fixed Defences one up. A cross against the H.K.S.R.A. enabled the Defences to score another through the penalty awarded.

The Fixed Defences missed an opportunity to score. Marshall took the hit-out and up-and-down play ensued for some time. Hunt, was conspicuous in the play at this stage, taking off some nice shots.

A long shot by Marshall went high through the goal and the Fixed Defences were leading six-three at the end of the chucker. Hunt scored in two good shots quite early in the last chucker to put the Fixed Defences up to seven.

The Fixed Defences were pressing with Hunt again prominent. A penalty against them for crossing saw Wilson score from a 40 yards hit.

GOOD GALLOP.
H.K.S.R.A. got the ball and scored but Hunt effectively checked an attack and taking the ball down in a good gallop passed to Forrester who scored.

Fixed Defences again took possession and Morgan scored after a good run down. The game ended with the Fixed Defences winning nine to five.

From the latter part of the third chucker the Fixed Defences were playing definitely better and deserved their win. They will meet the Royal Scots in the final at 4 p.m. today. When H.E. the Governor will be present.

THEATRES AGAIN IN MID-LONDON

Theatres and cinemas in mid-London are now allowed to open until six o'clock in the evening.

Not an attractive prospect for producers of musical comedies or straight plays, but the cinemas and continuous revues are taking advantage of the permission, says a Home correspondent.

So, to forget Hitler, we can go and see, from lunch-time onwards, the lovely little ladies in "Gaieties de Montmartre" at the Prince of Wales Theatre (laughing at the same time as Gille Potter's fun), while the girls are just as perfect and the humour as diverting in "Revueville" at the Windmill Theatre, now proudly announcing its eighth year.

Not even a world war can stop that sort of thing.

Picture theatres are open generally, and restaurants are once

Good News!

The gift of a Wahl-EVERSHARP pen and pencil is sure to be good news

EVERSHARP is the only pen that is safe to give, as the recipient can "fit" it perfectly to his or her style of writing. Simply move the slider on its "Self-Fitting" point—up or down—and in an instant you "fit" the pen to your own style of handwriting.

It alone has the safety ink shut-off, which seals the ink in the barrel when the cap is screwed on—one stroke refill—exceptionally large ink capacity and shows when to refill.

New Eversharp Repeating Pencil to match

Just press the top for a new point or a new lead—feeds leads continuously. Pen and pencil sets in beautiful Doric design and modern color effects. Repeating Pencil also made in gold-filled metal, rhodium plate and combinations of these metals and pyralin.

SCOUTS PARADE INSPECTION

Governor Presents Certificates

Several hundred Boy Scouts, Cubs and Deep Sea Scouts assembled at the Murray Parade Ground on Saturday before their Chief Scout, His Excellency the Governor, Sir Geoffrey Northcote, and Scout Commissioner, the Rev. N. V. Halward, for an inspection parade.

Among those present were Commodore A. M. Peters, Col. A. G. Neville, the Hon. Sir Robert Kewell, Wing-Commander A. H. Steele-Perkins, Major C. Manners, The Hon. T. H. King, Commissioner of Police, and Mr. E. Cock.

"At the present time, with the war only a few weeks' old, it is not easy to see in detail the exact path we Scouts have to pursue, but some points are crystal clear. Firstly, all of us have our duty to perform to our Country and the Empire. Whatever task we are called upon to perform we must do it with all the energy and intelligence we can muster," was one of the passages, cited from a communication from Lord Somers, Deputy Chief Scout, referred to by Scout Commissioner Halward in his address to the scouts.

Continuing, Commissioner Halward said it was not often that the Association as a whole was able to meet together, and in fact a parade of this nature had not been held for many years.

The main activities of Scouting were concentrated within the Pack, Troop and Crew, but Scouts also belong to a great brotherhood of boys and men pledged to render service to their fellowmen.

That is why it is a good thing on occasions to meet together as they were doing, so that they might be reminded, by participating in such a large gathering, of the greatness of the Movement and the part that all hoped it might play in the building up of a better world.

WARRANTS PRESENTED

His Excellency the Governor then presented Warrants, Certificates and Letters of Commendation, and addressing the gathering, congratulated them on their fine turn out. He endorsed Commissioner Halward's words, and finally wished the scouts the "very best of luck and a very happy Christmas."

Warrants, Certificates and Letters of Commendation were presented to the following:

China Must Have Faith In Soundness Of Her National Policy

Below is given the fifth instalment of the full translation of the speech by Generalissimo Chiang Kai-shek at the 6th Plenary Session of the C.E.C. of the Kuomintang.

In the second place, we must have faith in the soundness of our national policy. In this connection, I would like to remind my comrades of two things. First, it is fortunate for us that the war in Europe should break out after we have risen in armed resistance. Second, it is fortunate for us to have started this war of resistance against Japan as long ago as July 7, 1937 more than two years before the war in Europe. The first of these two observations means that even though Japan has the intention to "rob while others' houses are on fire," she no longer possesses the necessary strength to disturb the world, and at least the scope of the world conflict has become narrower. The meaning of the second observation follows closely upon the preceding words.

If we had failed to rise in armed resistance on July 7, 1937, and instead had waited until war broke out in Europe, the other nations would have had no attention to spare elsewhere.

Japan, continuing her aggression initiated on September 18, 1931, and employing such military equipment as she had collected during decades past, could have fearlessly done in China whatever pleased her. In such a case, China would really have been faced with peril of utter ruin.

JAPAN WEAKENING

Now, because of our struggle and sacrifices for more than two years, China has gained the experience and strength that come from prolonged warfare, where as Japan, steadily weakening and nearing exhaustion, is sinking deeper into the quagmire. Although the flames of armed conflict have flared up in another corner of the world, we have succeeded in holding Japan down here. No longer can she threaten other countries. Nor can she run amok in the world.

We, in China, have only to concentrate our energies upon dealing with an enemy with whom we have already been long at war, for we do not find ourselves on the open sea in a storm which we should have to fear might suddenly bring upon us some irreparable calamity. Hence, our people must understand that July 7 two years ago was the most appropriate time to commence resistance, and that more than two years of struggle and sacrifice have brought to us invaluable rewards.

UNALTERABLE POLICY

Let us now review our unalterable national policy since September 18, 1931. At the fourth session of the People's Political Council, I explained that our national policy was based on four principles: Firstly, resisting aggression to protect our sovereignty, territorial and administrative integrity; secondly, upholding the validity of international commitments, especially the Nine-Power Treaty, the League of Nations Covenant, and the Pact of Paris; thirdly, refusing to join in any anti-Comintern agreement; and fourthly, maintaining absolute independence in diplomacy.

We have been faithfully following these four principles in the last eight years. In the future, we shall continue to adhere to them in our struggle to secure for China independence, freedom and equality, with all other nations and to lay the foundation for a nation living by the Three People's Principles.

Our comrades must realize that it is not easy for a nation to exist in the present world. Only through truthfully following the bequeathed teachings of our revolutionary leader, Tsungli, have we laid down this permanent national policy and thus to-day we are capable of leading the entire people in fighting

FRIENDLY POWERS

In the third place, we must have faith in the friendly Powers, devote ourselves to the continuation of resistance, and propagate the ideal of saving the world through saving ourselves, thereby making our lasting contribution to world peace. The purpose of our war of resistance, as was announced at the beginning of the hostilities, is equally to defend the independent existence of our nation, to uphold international righteousness and justice and to preserve world peace.

The outbreak of the war in Europe has given further proof of the soundness of our purpose. We trust that by virtue of the common love for peace, the European war will find an equitable solution.

Since we have built a solid foundation for a final victory we can surely remove the obstacle to peace in the Far East and punish the ringleader of treaty-breakers and forsakers of righteousness.

In the future, China will necessarily become an essential factor in the re-assertion of justice and restoration of peace. Our war of resistance, begun against a ruthless invader, will end in founding a permanent world peace.

FOOD FOR
BRITAIN

(CONTRIBUTED)

THE PRIMARY AIM of Germany's mine warfare is to strike at Britain's trade and at the most vulnerable spot in her armour, her food supply. The increased production of foodstuffs at home is, therefore, a factor of the greatest importance in determining the final outcome of the struggle.

INTERESTING FACTS concerning what is being done in this regard are supplied by recent releases from England. They state that War Agricultural Committees with executive powers have been established by the Government in all counties to direct a three-year food production plan. The agricultural front is organised with military precision. Every square yard of land is now regarded as a "war area" and the Land Army has already joined the farmers in going into action.

THE IMMEDIATE TASK is to get 1,500,000 extra acres under the plough by next year. Each War Committee, which corresponds to an army's divisional headquarters, has decided the minimum acreage of grassland that must be ploughed in its area. Localised district committees—the equivalent of battalion headquarters—decide which extra acres each individual farmer must plough.

CORRESPONDING TO AN ORDINANCE CORPS are groups of experts, with special knowledge of local conditions in their respective territories, who form the link between agriculture and industry. Their job is to co-ordinate the use of Britain's 70,000 tractors and immense stocks of other machinery so that the mechanised forces are always on the move.

ALREADY A RECORD ACREAGE has been ploughed with the voluntary co-operation of the farmers, and it is unlikely that the compulsory powers of the War Committees will have to be exercised. Everyone is responding to the Minister of Agriculture's broadcast appeal to "work like blazes."

AN INTERESTING SIDE-LIGHT on the food conservation campaign is that the women of the villages of England are busy filling more than 1,000,000 one and two lb. pots of jam in a lightning anti-waste campaign to preserve the country's surplus fruit crop. This is the result of one of the outstanding supply and transport achievements of the War, carried out by an emergency Board of the National Federation of Women's Institutes. The women have successfully organised the distribution of preserving sugar in bulk to villages, hamlets, even isolated cottages in England and Wales.

VILLAGE SHOPKEEPERS could not get delivery of enough sugar for their customers, so the women, with the permission of the Sugar Commission, asked each of their Institutes to take at least one cwt. of preserving sugar. The women who got it are on parole to use it for the sole purpose of turning this year's abundant crops into jam.

WITHIN A FEW DAYS of the S.O.S., more than 345 tons of sugar had been distributed, and the countrywomen of England were on trek with cars, barrows, farm carts and even prams to collect the quantity allotted to them.

KOWLOON FIRE

Continued from Page 1

One child jumped clean off the sheet and fell to her death on the road below, while another woman being in two great a hurry to follow an old man who had landed safely, jumped before the men below had time to stretch the carvass and she too was carried away in a dying condition.

Altogether two women and two children were killed by jumping and an old man and three young women injured. One of the injured was reported to have died later in hospital. Nine charred and unrecognisable bodies had been recovered up to a late hour last night and the firemen and police were still continuing the search.

Many of the trapped occupants threw their belongings from the top floors and the street was littered with trunks, boxes, bags and mattresses. One person is believed to have been injured by a falling box.

While the fire was at its height a girl's shouts for help were heard but the firemen were unable to locate her. Eventually when the flames were slightly under control she appeared at the window of a back room of the top floor with an inverted bucket over her head.

The crowd gasped with anxiety for her safety as the room immediately below her was a raging inferno and the flames were licking the floor on which she stood, while all around her the little back room was a blazing mass. Firemen immediately rushed up and brought her down to safety amidst the applause of the crowd.

AMAZING ESCAPE

The girl, whose name is Li Nui, is only 15 years old. She explained that she used the bucket as a protection against the smoke which nearly overwhelmed her. She was safely landed without injury to herself or even her clothing, a really amazing escape!

The magnitude of the conflagration can be gauged from the fact that five engines took nearly two hours to get the flames under control. The alarm was raised at 8.55 p.m. and the fire subdued at 10.40. The Brigade were magnificent and much credit goes to them and to the police for the excellent work done by these two public services.

FIRE ABOARD SHIP

A small fire broke out on board a British ship at the Kowloon Docks yesterday in the refrigerator chamber in the lower between deck. The flames were extinguished by the ship's crew.

A small boat was found yesterday by Mr. Smith, of the R.A.S.C., drifting off Stonecutters. The craft is ten feet in length and is painted brown and white with a red rudder. Police are looking for the claimant.

Anti-Tank

Reports of yesterday's air raids state that between 20 to 36 were killed and wounded when Russian planes allegedly machine-gunned Helsinki streets.

CAROLA GOYA
DELIGHTS WITH
SPANISH DANCES

A Spain of sunny skies and happy people, and undisturbed by the tremors of war and the tears of frantic mothers and the blood of their sons, was recalled by the dancing of Carola Goya at the Roof Garden of the Hongkong Hotel on Saturday night.

With a charming personality, which can infect fire into her interpretation and yet succeed in capturing the coyest shade of expression, richly costumed and faultless in every pose and movement, Goya was, at the least and at the best, a perfect enchantress.

She was accompanied by Beatrice Burford, harpist, and Emilio Ostia, pianist, who also rendered items by themselves and gave equal pleasure.

The programme was as follows:—Intermezzo from "Goyescas" (Granados), Echale Guindas al Pavo (Mostazo), Fado (Retana), Carola Goya.

Pasacaglia (Haendel), Au Matin (Tournier), Beatrice Burford, Ballade, A Hat (Chopin), Habanera (Sarasate - Ostia), Emilio Ostia.

FINNS FIGHT BACK MUCH SUCCESS: "NO CAPITULATION," SAYS PRIME MINISTER

Severe Fighting Rages On Karelian Isthmus

HELSINKI, Dec. 2 (Reuter)—The Finns are now fighting back valiantly, and with much success, in all three spheres of operations—on land, sea and in the air.

In a broadcast, the Premier, M. Ryti, declared: "There is no question of capitulation."

"We will negotiate on every issue that arises between two neighbouring nations, but we will not barter away our independence or the right to settle our own affairs."

Helsinki has been raided another three times, the last two raids being mainly on the working class district.

Some buildings have been destroyed and the casualties included women and children.

A.A. FIRE SUCCESS

The number of casualties is not yet known, but the effect of the air raids was less than the earlier attacks.

This is partly due to the greater success of the anti-aircraft batteries, and also partly to the fact that half the population left in Helsinki have evacuated the capital.

BUSINESS MOVES OUT

Another air raid warning was sounded in Helsinki this morning, but the all clear went a few minutes later.

Many business firms have moved out.

The food situation is satisfactory but the food shops are open only at irregular intervals.

Shops close when the air raid warning is sounded and sometimes do not open again the same day.

Other towns are being rapidly evacuated.

Two towns at the western end of the Gulf of Finland have been shelled and bombed.

The Reds are suffering considerable losses in spite of their merciless air raids.

The spirit of the Finnish people is quite unbroken by the Red threats and bombs.

KARELIAN ISTHMUS FIGHTING

LONDON, Dec. 3 (Reuter)—The Finnish Minister of Defence broadcast his second official communique, gave almost the first real news of the fighting in the Karelian Isthmus.

In the area north of Lake Ladoga, the Russian troops have been very active all along the frontier. The Russian attacks have been

The formation of the new "people's government" at Terijoki, the Finnish frontier town occupied by the Red Army, gives "hope of a peaceful settlement," says the communique, and the Soviet Government has decided to recognise it.

M. Kuusinen, premier of the "people's government," has announced his intention to establish diplomatic relations with the Soviet Union.

CRACK RUSSIAN CRUISER HIT & DAMAGED

HELSINKI, Dec. 2 (Reuter)—The Finnish Fleet which steamed out yesterday, engaged the Red warships which were shelling the Hangore shore defences in the first naval engagement of the hostilities.

One Finnish coastguard vessel was sunk during the battle. Her crew are reported to have been machine-gunned by the Russians as they swam in the water.

CRUISER HIT

It was announced in an earlier message that the Finnish big coast guns scored a success when they sank the "crack" Soviet cruiser Kyrov (8,500 tons).

The Kyrov was reported to be bombarding the forts with salvo after salvo when the coastal guns scored two direct hits.

A later report, however, stated that she was not sunk, but damaged and managed to limp away after being hit.

In the meantime, Soviet warships off the Island of Seltkar are alleged to have sunk a ship full of escaping coastguards, "on whom they 'practiced rifle fire' as they swam."

LONDON, Dec. 3 (Reuter)—Swedes and Danes, anxious to fight for Finland, are flocking to the legations at Stockholm and Copenhagen, according to Finnish circles in London, where it is emphasised that the Finnish Government has agreed to two-thirds of the Soviet demands, but the remaining one-third involves the loss of the nation's independence.

It also emphasises that the Kuusinen Government represents no party in Finland and is composed of fugitives from Finland after the Great War.

RIISING TIDE OF WORLD INDIGNATION AGAINST SOVIET ACTION

LONDON, Dec. 2 (Reuter)—The British and French newspapers continue to express horror at the Soviet action in Finland, and in the rest of the world the tide of indignation is noticeably rising.

The Norwegian Government organ says: "The Soviet has no respect for the independence of its small neighbours."

"The policy will revenge itself as the world sees what it means."

The Dutch newspaper, "Algemeen Handelsblad" says the invasion has aroused the same horror and indignation as the German invasion of Poland.

An Italian journal says: "We can never approve this odious action."

NO JUSTIFICATION

In Tokyo, the Asahi Shimbun declares: "This blatant and contemptible aggression can find no justification."

In the United States, the press warmly approves President Roosevelt's declaration.

The New York Times declares: "The overwhelming opinion of the American people was stated by President Roosevelt."

"After their work in Finland is done, the Soviets will find that they have earned the everlasting distrust and contempt of the American people."

"INEXCUSABLE CRIME"

TOKYO, Dec. 2 (Reuter)—The Chugai Shogyo declares that the Soviet's inexcusable crime against Finland is overthrowing order in the world and is disturbing the equilibrium among the nations.

The newspaper adds that the world is returning to the rapacious methods of plunder of the Dark Ages.

The Asahi Shimbun says it is impossible to find any justification and it therefore can only be described as the perpetration of an injustice by force.

HEAVY A.A. FIRE

Japanese barracks and aerodromes were bombed and destroyed, Canton was rocked by the explosions of bombs as the Chinese planes swooped low to release the missiles despite heavy fire of anti-aircraft batteries in White Cloud Mountain, Goddess of Mercy Mountain and Dragon Eye Cave on the north-east outskirts near the Milky Way Aerodrome.

Enemy planes took off to prevent Chinese machines from reaching the city proper but did not give chase. All Chinese raiders safely returned to their base, the reports added.

OIL TANKER BLOWS UP

LONDON, Dec. 3 (Reuter)—The London oil tanker, San Calisto, was blown up off the south-east coast today with one dead.

The remainder of the crew, numbering between 30 to 40, were picked up and landed by the lifeboat of a minesweeper, including four seriously injured.

"This Is A Wolves' Hour": German Policy Frowned On By Italy

CONCERN FOR ALL SMALL NATIONS

Rome, Dec. 2 (Reuter)—While the rest of the Italian press, although giving sympathetic treatment to Finland's case, makes no comment, Count Ciano's newspaper "Telegrafo" gives the first hint that Italy is frowning on Germany's policy.

EXTREME CONCERN

"Telegrafo" says that this is an hour of extreme concern for all small nations; great nations either swallow them up or allow them to be swallowed up.

"This is a wolves' hour," exclaims the article, which appears over the name of Giovanni Ansaldo, and it concludes by saying that Italy is keeping faith with the "small backward nations."

DEMONSTRATIONS

LONDON, Dec. 2 (Reuter)—In Copenhagen last night an irate crowd smashed the windows of the Soviet Legation.

In Stockholm, crowds demonstrated outside the offices of a Communist newspaper.

Chinese positions nearby with the aid of artillery and planes.

TANKS DESTROYED

HELSINKI, Dec. 3 (Reuter)—Field-Marshal Baron Mannerheim states that 38 Russian tanks were destroyed, says the official German wireless.

He denies that Soviet troops have occupied the town of Terijoki.

TERRIFIED CIVILIANS MACHINE-GUNNED

AMSTERDAM, Dec. 2 (Reuter)—Everywhere Finnish towns and villages are in flames, and people are still streaming out into the wintry countryside to shelter from the Russian bombs, according to the latest direct news reaching here.

Eye-witnesses describe the slaughter in the labouring district of Soeren, Helsinki's East End, as appalling.

People thronged the big open squares to avoid burial in the debris of collapsing houses, and the Reds dropped bombs right in the middle of them.

The Red planes came so low they grazed the roof-tops, and

Far Eastern Peace

SOVIET PAPER ON RUSSO-JAPANESE AGREEMENT

MOSCOW, Dec. 3 (Reuter)—The Pravda writes that the advantages of peaceful Russo-Japanese relations are too clear for Japan to permit that part of the American press, which is serving "dealers in death," to force Japan to give up the Soviet-Japanese talks.

THREAT TO JAPAN?

This section of the press, says the paper, is trying to threaten Japan by the return of the British Fleet to Singapore and the prospect of an attack on Japan with the Air Arm of the United States Navy, because a Soviet-Japanese agreement might strengthen the cause of peace in the Far East.

THE COMPULSORY EVACUATION OF HELSINKI MAY BE EFFECTED AT ANY MOMENT. All arrangements have been made and exemplary order and discipline is being maintained. There are unconfirmed rumours that the German colony is returning to Germany today.

PRIMARILY OBJECTIVE

HELSINKI, Dec. 2 (Reuter)—An attempt to wreck Helsinki's Waterworks was the primary objective of one of the Soviet raids today.

The destruction of the waterworks would have caused acute distress among Helsinki's remaining population.

The heavy bombs dropped missed their main objective, however, and destroyed the main warehouse in the railway goods station, which blazed for hours, and wrecked the "Shell" petrol reservoir.

today they are still in no man's land in front of the Finnish defence line.

The Islands of Sedskari, Hogland, Laavansari and Tyersari, situated in front of Kronstadt, which they occupied without fighting were evacuated by the Finns a fortnight ago.

UNDIMINISHED FEROCITY

Stockholm, Dec. 3 (Reuter)—Fighting continued with undiminished ferocity in the Isthmus of Karelia today, according to reports reaching here.

The number of Soviet tanks put out of action is unknown, but it considerably exceeds the total of 36 reported yesterday.

An unconfirmed report says that a whole Russian tank regiment was destroyed.

The Finns took 150 prisoners today.

HELSINKI, Dec. 3 (Reuter)—Field-Marshal Baron Mannerheim states that 38 Russian tanks were destroyed, says the official German wireless.

He denies that Soviet troops have occupied the town of Terijoki.

Ajax went on to win easily by four lengths, while Roofly and Violet Queen dead-heated for second place. Amber II being third by a head. Pumpnickel (favourite) and Strathcarrick (second favourite) were never in the picture at any stage and finished in the rack.

Club Draw With Weakened South China Soccerites

Displaying unusual form, the Club XI, a team normally much weaker than the South China "A", were able to keep the spectators interested when the two teams met on the Club ground in a First Division League Football game on Saturday.

The play was generally on an equal footing, as indicated by the score of 2 goals to 1 in favour of the Chinese, who fielded a slightly weaker team, without Lee Wai-tong and Lau Tau-man.

South China "A" took the lead after 20 minutes of play, when Ip Pak-wah netted a goal from a push-off by Odell. Club's goalkeeper, Lai Shui-wing soon followed with another goal. Shortly before half-time, Fowler managed to score the last point of the game. Scores were all during the second half, though many attempts were made.

The teams were:—
Club—Odell; Bone, S. Strange; McEwan, Forrow, E. Strange; Bond, Scott, Fowler, Lodge, Morrison.
S. CHINA "A"—Tam Kwan-kun; Mak Shui-hon, Lee Tin-sang; Soong Ling-sing, Leung Wing-chui, Yeung Pui-wang; Tang Kwong-sum, Ip Pak-wah, Fung King-cheong, Lai Shui-wing and Lau Chung-sang.

SAINTS-MIDDLESEX DRAW
At Boundary Street, St. Joseph's managed to draw with the Middlesex XI, a team stronger in many respects.

The score, as it stood, was by no means a true indication of the play. It was, to a high degree, a one-sided game as the ball was kept in the Saints' half of the field most of the time.

St. Joseph's opened the scoring early, and were two goals up at the end of the first half of the match.

The soldiers did most of the attacking, and it was the forwards' inaccuracy that was responsible for the draw.

MIDDLESEX—Drake; Cooper, Sheehan, Freshwater Bright and Wilkinson; Coomer, Pearson, Tait, Saw and Thomas.

ST. JOSEPH'S—Tsang; Chung, Bowen; Ribeiro, Hussain and Honnibal; Maher, Castillo, Leonard, Pereira and Lee.

KWONG WAH'S SUCCESS
Kwong Wah defeated the Kowloon F. C. on Saturday by 2 goals to 1.

Score at half time was one all while during the second half of the play, Cheuk Shek-kam scored the winning point for Kwong Wah.

CHINA'S TRANSPORTATION WILL NOT BE AFFECTED BY CUTTING OF NANNING HIGHWAY

CHUNGKING, DEC. 2 (CENTRAL).—CUTTING OF THE HIGHWAY BETWEEN NANNING AND FRENCH INDO-CHINA AS A RESULT OF THE JAPANESE INVASION OF KWANGSI WILL NOT SERIOUSLY AFFECT CHINA'S TRANSPORTATION OF SUPPLIES, declared Mr. M. E. Sheahan, American highway expert assisting the Chinese Government in improving transportation, in an interview with the Central News today.

With the passing of the rainy season other highways in China's South-West can be fully utilized for import, Mr. Sheahan said.

According to the American highway expert, the heavy rainfall in South China in the past season was unprecedented. However, while train service on the Burma railway had to be suspended for a time traffic on the Yunnan-Burma highway was uninterrupted.

LANDSLIDES

Mr. Sheahan said that during his inspection of this highway he saw between forty and fifty landslides within a short distance 12 kilometres. Nevertheless, large quantities of commodities were conveyed over the road without obstruction.

In view of China's network of highways there need be no anxiety at all regarding import. The highway running through Nanning forms only one line in this network. Since the Japanese invasion of Kwangsi, the people have flooded the road, making it useless to the Japanese.

OLD ROADS

Mr. Sheahan pointed out that the large number of old roads in China's South-West may also be used for transportation. In Kwang-

si it will take only a few weeks to link up such old roads and branch roads.

Mr. Sheahan revealed that an important new highway extending from the border of Kwangsi to Hocht in the northern part of the province is under construction and is expected to be complete before the end of this month. In addition, four other new highways are being built.

UNITED CONTROL

Under the capable guidance of Mr. Chang Kia-ngau, the Ministry of Communications is increasing the efficiency of transportation. Mr. Sheahan stated. Among other things it is instituting a unified control over the 14 independent transportation organs in the country, and dividing the highways into sections for traffic so that instead of the whole length drivers will be responsible for driving on certain sections.

Mr. Sheahan paid a glowing tribute to the success of the Ministry in improving the Chinese junks driving them with American motors.

Progress In Design

It is noteworthy that prominent among the claims made for some of the new models that were displayed before the outbreak of hostilities was that of weight reduction.

Even among the light cars sufficient lightening has been achieved to ensure that it would have a beneficial effect upon the performance of the car as a whole.

Probably few owners of modern cars realise how much scope there is still left to the engineer in this matter, but in a recent paper published by the Institution of Automobile Engineers, Mr. L. H. Pomeroy pointed out that in the case of the larger cars, a saloon weighing about 38 cwt. with petrol, oil and water carries a normal load of five people, which is in the order of 7 cwt.

UNITED CONSTRUCTION

Recent years have witnessed a great reduction in the total weight of cars through the use of light alloys for certain parts and in the utilisation of moulded plastic fittings in place of wood or metal for finishing off the coachwork, to give but two instances; but, there have been other causes at work.

A most important influence, particularly in the case of the smaller cars, is the method of blending body and chassis, thus doing away with the old conception of the chassis and body as two entirely separate units which have to be coupled together.

PREVENT DUST

The strength of the modern style of pressed steel bodywork has been emphasised by experience over many years, and these new ideas of mating chassis and bodywork, besides giving an appreciable feeling of solidity to the vehicle as a whole, have also made it simpler to prevent the entrance of dust and fumes into the car.

It is obvious that if chassis and body are to be regarded as two separate units, then each must have a framework to hold it together, so to speak, whereas if they are to be built as one structure certain parts can be dispensed with.—Overseas Daily Mail.

TREATMENT OF GERMAN NATIONALS IN GERMANY

The following is an extract from the White Paper on the Treatment of German nationals in Germany (1938-39).

Below is the continuation of a statement by a Jewish-Christian prisoner communicated to the Foreign Office in October, 1938, by a Charity Organisation working in Germany.

Time-table: 3.30 A.M. get up (bed about 10 P.M.), very bad air; smell appalling; water drips down the tiny cellar windows. Form ranks at 4.30. Coffee distribution at 4.45 on the square where the gallows stand and the blocks (for flogging). Before the time of this report, the body of the murderer of an S.S. man hung there. The hangman is a professional criminal who has now become a "veteran." Ordinary German salute strictly forbidden in the camp.

The salute means standing to attention, with the cap off, while commands are repeated. 5.30 A.M. end of roll-call; until then stand stiffly to attention. Those who have reported sick now come forward, are separated off and inspected by the commandant. He at once treats the "fit" with his riding whip, in their face, in the presence of the others; "Jews do not fall ill!"

The commandant decides by sight who is "fit" for the doctor. These number 6 or 7 per cent; the others have to go back into

the labour gang. No differentiation of the sick in the labour gang; they are helped on by kicks and riding whip. The doctor declares the sick as either "fit" or "fit"; in the latter case they are punished in the evening for "lies." In the end no Jews were accepted as sick; there could only be "well or dead."

FORCIBLY HELD UP

In the roll-call many are unable to continue standing; they have to be forcibly held up by their companions in misfortune, so that they can be seen from the front, even those who are completely collapsed; the ranks must be complete. The work consists of stone-breaking a quarter of an hour away from the road which is to be built. It is outside the camp, but within the charged wires. Attempts at flight occur, but all end with shooting. Many end their sufferings by feigning flight in order to be shot down. Everywhere sentries are posted around.

A colony of "cripples" men with wooden legs, ruptures (sometimes

if their belts are lost the ruptures break out again), are obliged to carry massive stones at the will of the guard. They included old men over 70 who were utterly unequal to the work.

In one instance a guard prodded with his bayonet a man who was ill and who kept on collapsing. After this had happened repeatedly, the man rushed to the wire to put an end to himself, and was shot down.

"CRIPPLES" DO HALF

The quarter of an hour's stretch to the road is done twelve to fifteen times in the morning and eight times in the afternoon by those who are really able to work; the "cripples" do half this. Every four men of the former have to deal with a barrow loaded up with great boulders, and often have to do it running. Woe to anyone who trips!

Anyone who is unfit gets blows from the club by the overseer, and after him the guards with the butts of their rifles follow suit. All parties are thorough in their inflicting of punishment for fear of their own superiors. Any drinking of water is expressly forbidden. For false reporting of being sick, for "lies," or being "work shy" the

penalty is the whip. At 11.30 comes the midday pause (although sometimes work is enforced till 7 o'clock without food). 12.30, work resumed till 3.30, 4 p.m., roll-call. This generally lasts till 5.30; for many of the "Jew people" till 10. How "Non-Aryans" are distinguished from Jews is not clear.

Woe to the non-Aryan who by mistake gets among the Aryans. Jews have to wear the "David Cross" with the sign: red for "professional," black for the "work shy." Blue for the "Bible bug." One is compelled to sign oneself as a "professional criminal," and it goes on the card index. (On the other side of the card one's real profession is stated.) Woe to him who refuses to sign the statement! Yellow is the sign for a Jew and has to be added to the other.

UPSETS IN ASSOCIATION
HOCKEY TOURNAMENTCentral British And Radio
Show Championship Form

(BY "RECORDER")

THE HOCKEY ASSOCIATION TOURNAMENT made further
progress yesterday when three matches were played off. The
biggest upset of the day was the 6-0 defeat inflicted by the
Central British Association on Club de Recreio at King's Park.
Both teams fielded their strongest elevens, and Recreio, on paper,
looked likely enough to draw.
A SECOND UPSET WAS THE DEFEAT of the Nomads by
a K.I.T.C. team which included six newcomers. The 2-0 win for
the Kowloon Indian Tennis Club, despite the fact Nomads were
not playing their full team, came as a surprise. The third
match played resulted in another win for Radio, who defeated
the Royal Corps of Signals 5-1.

POINTS FOR K.I.T.C.

Kowloon Indian Tennis Club
beat the Nomads by two clear
goals in a Hockey Association
Tournament match played at the
Police Training School ground,
Kowloon, yesterday afternoon. M.
R. Malik, the K.I.T.C. inside-left,
scored both goals.

Nomads had the better of the
game throughout the first half,
but a goal by Malik shortly be-
fore the interval and a second
goal early in the second half
proved too much of a lead to
shorten, and play became ragged.

With a little more combination,
K.I.T.C. could have taken advan-
tage of a situation that bided
well in their favour, but Pyara
Singh could not partner inside
forwards to any advantage, and
Afzal, on the right wing, did not
come up to expectations.

SOUZA SHINES

With S. A. Reed on the sick list
since Saturday night, the Nomads
entered the field with a re-
arranged forward line. F. O. Reed
being moved to inside-right and
R. Silva being brought in at right-
wing where he played a very sound
game. In the intermediate line,
L. Souza, brought in at left-half,
gave the best display of his side.

The K.I.T.C. started with ten
men, Malik turning up after a few
minutes of play to complete the
team.
There were several absentees
from the regular K.I.T.C. team,
and as many as six newcomers
were played. Among them the
H.K.S.R.A. player, Kishan Singh,
and Sagh Singh, of the Medical
Corps, who played in the inter-
mediate line, were outstanding.

The teams:
